

The Ultimate Free Throw Challenge

March 6, 2010

COACH/TEACHER GUIDE:

Do you have kids who want to get involved in shooting free throws to give kids an opportunity to play sports in some of the most impoverished communities around the world?

This is an easy fundraiser, for a great cause, and with a chance to win some great prizes.

What do you need to do?

1. Familiarize yourself with the packet so you understand what the kids will be required to do.
2. Promote it to your group.
3. Schedule gym time for March 6th and let your group know. Or, if your group is small, contact us to see if there is an existing site in your area that your kids can go to.
4. On March 6th, set up the baskets to be used. Make sure an honest counter is at each basket and record each person's free throw total. Give those totals to Derek at derek@courtsforkids.org.
5. Make it fun for the kids. Have some games going on while people wait or finish shooting their free throws.
6. Make sure the kids collect their money and send it in to our office.
7. That's it!
