

# Peru Rotaract Trip

## August 11-19, 2012

Welcome to Courts for Kids. Most likely, this is your first trip with our organization and we are confident that this trip will impact you in ways you cannot even imagine. We work closely with our in-country partner to make sure your basic needs are met, so we can all focus on the task at hand, creating a multi-purpose sports court with the initiative, help and support of the community.

A sports court is a great project because it requires the help of many community members, provides plenty of work for everyone, and becomes an asset that provides not only safe places for children to play, but also various other benefits. The hard work of our team will be a great bridge between us and the community and we will develop a mutual respect that will help provide inroads into a rich cross-cultural experience and first-hand insight into a developing world community.

We are looking for great cultural ambassadors, so please only sign up for this trip if you are willing to step outside of your comfort zone. You will need to work hard, you will be eating different foods, sleeping and bathing in less comfortable environments. But, as they say, if you want to live like you're in America, why leave!

Most importantly, we ask that you enter into this with a great sense of humility. We want you to be eager to learn and grow in this process as we are entering into a different culture with different values and norms. We want you be quick to listen and slow to speak.

We will not be giving you a detailed itinerary as things are very prone to change with this sort of construction project. But your time will be spent working on the court, taking part in various cultural activities and doing a camp on the court when it is all finished.

Please look through this informational packet and feel free to contact me with any questions you may have.

If you choose to go, I can almost guarantee you will look back on this trip as a life-changing experience. You will grow so much in a week it will make you wish you could stay for longer. In fact, you will probably say this was the best week of your year.

Hope you can come!

Derek Nesland  
President  
Courts for Kids

## Site Details

The project will take place in a community called Jose Maria Escribas. It consists of approximately 120 families and is located in the coastal district of southern Peru, in the department of Inca, the province of Pisco and the district of Tupac Amaru Inca. Tupac Amaru Inca sits just above sea level, approximately seven kilometers from the Pacific Ocean. It is 227 kilometers south of Peru's capital city, Lima, on the Pan American Highway. The district of Tupac Amaru Inca has a total of 16,000 inhabitants, almost all of whom live in the urban center of town. Approximately 35% of the population is made up of migrants from the Andes Mountains, lending a unique cultural flavor to the coastal district. It is an agricultural community that produces crops such as corn, beans, peas, bananas, yuccas and potatoes, among other things. On August 15th, 2007 the Pisco province suffered from a major earthquake, the epicenter of which was a mere 25 kilometers from Tupac Amaru Inca. Many buildings were leveled and all of the inhabitants' lives were significantly impacted. Tupac Amaru Inca continued to experience effects weeks after the earthquake, as more and more people moved into the outskirts of town. A large percentage of those displaced from their homes in the nearby city of Pisco permanently resettled in Tupac Amaru Inca, effectively doubling the population of the urban center. Jose Maria Escribas is one such community. To date, none of the inhabitants have titles to the land and therefore live in makeshift houses composed of straw mats and plastic tarps. Jose Maria Escribas is a young community with over 100 children under the age of 10 and many adolescents who would greatly benefit for a productive outlet for their spare time. This court will be consistently used to play soccer, volleyball and basketball, which will help build self-esteem, team-building skills, and leadership for the children in the area.

The community is very engaged in this project. Although they do not have the ability to help financially, they will volunteer labor, skilled and unskilled.

November 1, 2011

Dear \_\_\_\_\_,

I am excited to share with you about an upcoming service project I will be doing in Peru through Courts for Kids in partnership with Rotaract. I need to raise \$2,175 in order to make this a reality so I am asking friends and family members to consider helping out with a tax-deductible contribution.

We will head to Peru on August 11th and make our way to a rural community in the far south, called Jose Maria Escribas in Tupac Amaru Inca, where we will build a soccer/basketball/volleyball court for a community with great need for a safe place for their kids to play.

This community was seriously affected by a recent earthquake and has a sizeable youth population, many of whom have few, if any, positive outlets. The community is interested in partnering with us create a safe place for their kids and they are helping sacrifice to make this dream a reality.

Our primary project will be to build this court, but we will also take part in other service and cultural learning activities as well. Our primary purpose for going is to serve the Peruvians, but also to grow and learn as we get out of our comfort zone. I am excited for the change I am sure will happen in my life and the impact we can have.

Would you consider supporting me as well as the Peruvian community in this project? I need to raise **\$2,175** for this trip to be possible. If you are interested, please make a check out to **Courts for Kids** and return it in the enclosed envelope. Could you please return this envelope as soon as possible in order to make sure I hand everything in with enough time to spare? Your donation is **tax-deductible** and **100%** of what you give will go directly to this trip.
